RECOGNIZING THE 100TH ANNIVERSARY OF THE EDW. C. LEVY CO.

HON. TIM WALBERG

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, September 7, 2018

Mr. WALBERG. Mr. Speaker, I rise today to recognize the 100th anniversary of the Edw. C. Levy Co., which was founded in 1918 when Edward C. Levy, Sr. started a trucking business in Detroit, Michigan area.

A short time later, Levy started hauling away steel slag for the Ford Motor Company's River Rouge plant, and then other steel mills.

He began to crush the slag and sell it as road-base material—a move that paved the way for the company's continuing expansion and development.

Today, under the leadership of Ed Levy, Jr. and S. Evan Weiner, the Levy Group of Companies has grown into an international business with locations across the United States and the globe.

Their products and services include steel mill services, slag, natural aggregates, asphalt, concrete and cement, specialty products, logistics, lab services, land development, and agricultural products.

The company is committed to promoting the well-being of their employees and recognizing contributions made by the hardworking, loyal people who work there.

As a good neighbor, Levy is also active in helping to fund local projects and in contributing to charitable organizations that improve

the quality of life in the communities where they are located.

As they celebrate 100 years, Levy maintains a prominent position in the global marketplace and has a sterling reputation for excellence, innovation, and cooperation.

It is a lasting legacy that undoubtedly reaches far beyond Edward C. Levy, Sr.'s wildest dreams.

HERB MEYER

HON. JARED HUFFMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, September 7, 2018

Mr. HUFFMAN. Mr. Speaker, I rise today in memory of an inspirational community leader, Herb Meyer, who recently passed away at the age of 87. Mr. Meyer was one of the sailing world's premier disabled racers, and he was dedicated to reducing barriers facing people with disabilities.

Born in 1931, Mr. Meyer began his sailing career at 12 years old in New Jersey. After serving in the Korean War as a jet fighter pilot,

he moved to California in 1963. Once in the Bay Area, Mr. Meyer started racing out of Belvedere Cove and eventually moved to Marin county in 1980.

In July of 1993, while sailing on San Francisco Bay, Mr. Meyer broke his neck and became a paraplegic. After sailing for over 30 years, Herb thought his days on the water were over. Thanks to the Bay Area Association of Disabled Sailors, Mr. Meyer was re-trained on sailing with a disability, and back out on the bay just one year after his accident. He continued competitive sailing and participated in Paralympic and other international races including in Canada, Italy, Switzerland, the Netherlands, and Australia.

Over the years, Mr. Meyer joined many community organizations serving the disabled. In addition to serving as Commodore for the Bay Area Association of Disabled Sailors in 2002, he was on the boards of the Marin Center for Independent Living and the Treasure Island Sailing Center, and he was a founding member of the county's In-Home Support Services chapter. These efforts also translated to national action, as Mr. Meyer chaired the Special Needs Committee for the United States Sailing Association.

Herb Meyer served his country during a time of war and his community thereafter. He faced his disability and worked tirelessly to not only continue his passion for sailing but to lower the barriers for other to do the same. Mr. Speaker, it is therefore fitting that we honor Herb today for his decades of commitment to helping people with disabilities overcome barriers and follow their passions. His presence will be sorely missed, and his leadership not be soon forgotten.
